

Exploratory practice

People that entry can just do it with a
appearance as the ones in the planet.

The infiltrate member of the universal
heritage protection are allow to kill and
cover if they consider necessary

Is not allowed reveal information of the
planet, and the only left prove of outsiders
allowed is the body that you carries.

More context:

As a reaction to this companies ,and countries from other planets make busines models that allow them entry and exploite turistically the planets and cultures.

In this reality some Future civilisation will have manage to don't care about energy, food ,or work. And their life is being extended thousand and thousand years.
Producing all types of new ways of pass time, one of them is life turism, activity that consist in live for certain years in other civilization hidden as one of the people from that planet and

This service is provided by companies from planets develop enough to participate in the universal market by not enough to not care about work, and energy etc.

The process consist in legally infiltrate robots human alike and control them from far away in the atmosphere, so is reduce the risk of being discover. Then they explore if it meet the requirement to make a potential set of "false lives" there.

Then they buy a house and prepare everything so they got a life there, usually immigrant background , are perfect so none suspect of origin.

✓ Night life

✓ Different landscapes

✓ Nature

✓

Our characters are situated far from the world in the universe and remotely control the robot
